Resident Michelle Boice was concerned that nothing is currently being done regarding the gas drilling issue. She feels the Borough is falling behind. She is extremely concerned. There are more accidents happening and she is disappointed that the Council is taking so long to act. She also respectfully asked that citizen's be allowed to be on the committed discussing changes to the zoning law.

Resident Carol Culver talked about the possibility of passing a curative amendment for gas drilling in zoning.

Council pointed out that Dallas did this because they did not have anything addressing gas drilling in their zoning, and we do. They have formed a committee and are working closely with Jack Varaly and hope to have any changes ready by Summer.

Irene Brislin asked about the committee for gas drilling in zoning. It is open to the public, these meetings.

McCormick stated that this was a subcommittee of council.

The members were named: Larry Radel, Ryan Doughton, Fran Kopko, Mike Dziak, Sid Halsor, Michael Daley and Jack Varaly. They are having trouble getting a date set. It will be around June 1st.

Michelle Boice asked that they please make it a priority to include residents like herself, or Carol Culver, or Neil Turner who have done a lot of research on these issues.

Resident Carol Hadsel asked who was responsible for curbside recycling. Council stated that it was voted on by all of council. She stated that no one around where she takes her walks, Cook, Terrace, Casterline Rd. have been putting out recycling. They need to have bins delivered and be notified so that they can participate.
